INSPECTOR GENERAL

75-3331

9 September 1975

MEMORANDUM FOR: Administrative Officer/DCI

SUBJECT : Inspection Staff T/O

1. This is in reply to your request for documentation of the new Inspection Staff Table of Organization.

2. Recommendation No. 9 of the Rockefeller Report specified "highly qualified personnel" for the Office of the Inspector General in the augmentation it called for, saying it should be staffed by "outstanding, experienced officers." The Inspector General's memorandum of 14 July to the DCI (copy attached), addressed this point in paragraphs 9 through 11. We have also attached a 16 July internal memorandum in O/IG although it does not address the question of staffing, because it was sent to the Management Committee when it considered the subject on 30 July, and was part of the overall consideration of the question of increasing the Inspection Staff. The attached 4 August minute of the Management Committee meeting refers to the question of staffing in general terms. The 8 August memorandum by the Inspector General to the DCI spells out the officers being brought on the staff, giving their grades; the DCI's comment at the end of this memorandum indicates approval. We consider the 20 August memorandum, in which you concurred, to complete the formal exercise on this matter. A copy of this last memorandum is not attached.

3. If there is further information that we can provide on this please let me know.
